SCHEME FOR DEVELOPMENT OF SPORTS INFRASTRUCTURE AND EQUIPMENT

1. INTRODUCTION

The value of sports as a means of developing personality, promoting social harmony and discipline is well recognized. It is also acknowledged that for the development of the youth into good citizens who are knowledgeable, confident, balanced and possess strong character with leadership attributes, they require to be exposed to different kinds of outdoor and indoor games. Participation in sports depends upon the availability of sports infrastructure and equipment. It is a known fact that sports infrastructure facilities have not been developed in the universities and colleges in a uniform manner. To bring uniformity keeping in view the topography of the area and the unique institutional features as well as to promote participation of youth in sports the University Grants Commission has decided to give impetus to the promotion of infrastructure and equipment during the XI Plan.

2. AIM AND OBJECTIVE

The objective of the Scheme is to create and foster amongst the students of Universities/Colleges a spirit of healthy participation and cooperative sharing of achievements in games with a capacity to face and effectively deal with challenging situations with courage and determination. This will also provide the youth a positive and healthy channelisation for their abundant energy, enthusiasm and imagination as also give them an opportunity to take their rightful place as the future leaders of the country in myriad spheres of activity.

Keeping the above objective in view, the scheme is designed to offer

- a) Financial support for the development of new or existing outdoor /indoor infrastructure for ensuring greater participation of students in games. While the students would get an opportunity to avail themselves of such sports facilities, this scheme specially aims to serve the first generation students both in urban and rural areas.
- b) Students, depending upon their level of 'attainment' in a particular sport, may be offered opportunities to participate in more advanced level of sport in the same or related area through the availability of better equipment and infrastructure.

- c) Infrastructure, where already available is intended to be improved/strengthened. Universities and Colleges will be assisted in creation of such standard infrastructural and nonexpendable equipment facilities so as to facilitate the conduct of such activities for their students.

3. Eligibility

All eligible Universities and Colleges (excluding agriculture/Medical/Private Universities), which are included under Section 2(f) and have been declared eligible for central assistance under Section 12(B) of the UGC Act of 1956, will be covered under the scheme.

- Drawings, Plans and estimates of the cost (three copies) should be from Registered architects.
- No escalation cost will be allowed.

- Release of funds will be as per UGC norms applicable in other such schemes.
- A University or College can apply for not more than two projects.
- Any expenditure over and above the approved assistance from the UGC will be borne by the institution from its own resources to complete the project and keep up its maintenance.
- The assistance is of the nature of one time assistance and no recurring maintenance costs or expenditure will be admissible.
- The institution will not use the infrastructure so developed for any other use except for the purpose for which it has been created.
- UGC formats of Utilization Certificate, Statement of Expenditure, Progress Report are to be used for submitting the progress report of the project(s)/programme and details of expenditure incurred.

Certificates duly signed by the Head of the Institution to the above effect will have to be attached with the proposal for the consideration of the Expert Committee to be constituted by the UGC.

7. Processing of Proposals and Release of Grant by UGC

UGC will examine all proposals received through a duly constituted Committee. Decisions regarding the proposals/programmes approved by it, together with the admissible grant sanctioned to the University/Colleges, will be taken. The same will be communicated to the Universities/Affiliated colleges concerned accompanied by simultaneous release of 50% of the grant sanctioned to them. 40% of the Grant will be released on receipt of statement of Progress of expenditure and Utilization Certificate (UC) and the balance of 10 % will be released on receipt of completion report of the project/purchase of equipment along with the relevant implementation/performance report.

8. Procedure for monitoring the progress of the scheme
