L. Strength and Weaknesses of the University

(i)	Strength of the University	1. Good Infrastructure (Buildings, Hostels etc.) 2. Trust has a good track record for providing education.
(ii)	Weaknesses of the University	1. Poor admissions of the students in all courses except PhD. 2. No sufficient qualified faculty. 3. No Sponsored projects. 4. Publication record is poor. 5. No faculty available for research guidance inspite of large number of students admitted for PhD. 6. Insufficient laboratory equipments for PG and Research courses. Placement record of the student is poor

PART – IV – Recommendations

A. General Observations and suggestions (please avoid repetitions of the point mentioned above)

University has been established only three years back by a well known trust with a sound financial backing. The University has good building Infrastructure and ambience. Student admission is very less and in some courses the number of teachers is more than students. At present the University is not financially viable. Qualified faculty and research supervisors are not available and should be recruited as early as possible as per UGC norms. Placement record is very poor and it requires lot of improvement. Efforts should be made to develop the faculty qualifications and research capabilities.

B. Operations recommendations which require satisfactory compliance by the University before issue of Approval Letter

Not Applicable

C. Final Recommendations (whether the University should be granted Approval Letter/Approval Letter subject to compliance/should not be granted Approval Letter)

The University Should not be granted Approval at this stage.
