quality higher education for all

F.No. AICTE/e-Gov/EII/331

Date: 05-04-2022

To,

The Principal/ Director/ Vice-Chancellor/ Head of Institution
All Indian Higher Educational Institutions

Subject: Registration on EducationINdia Portal (educationindia.gov.in)- regarding.

Dear Sir/ Madam,

I am happy to inform you that a new EducationINdia portal (educationindia.gov.in) has been developed as an initiative to showcase the strengths of Indian institutions to international students and to make available to them all information about Indian HEIs in one place. Through this portal, all Indian institutions in higher education that are admitting/desirous of admitting international students will get a common platform to showcase their strength. The first phase of development of the portal is complete, and now the portal is ready to be opened for Indian institutions to update their institutional profile.

Registration on the portal by a student will be optional for browsing through the portal. However, at the time of issuing the offer of admission to any international student, the institution would ask the student to register on the portal, if not already registered, and generate a unique EducationINdia portal ID (EI-ID). A student has to register on the portal only once even if he is applying/ has got offers from multiple institutions.

It will be mandatory for all such institutions admitting international students to have AISHE code which will be used as Login ID on this portal.

EducationINdia portal has created the basic institutional profile for such Indian institutions, which admit international students, by importing data from the AISHE portal. In the first phase, registration is open for institutions which have admitted international students as per the latest AISHE data. Login id will be the AISHE code and password will be shared by the EducationINdia team at the email id of the HEI registered with AISHE.

In the second phase, registration will be opened for other institutions who desire to register and are otherwise eligible to admit foreign students. Registration of such institutions will be confirmed after a verification process.

After updating of data by the HEIs, the portal will be opened for international students to search the institutions and programmes as per their choice. The portal will also be instrumental in promoting Indian institutions and programmes to the international students across the globe.

All Indian institutions in higher education that are admitting or are desirous of admitting international students are, therefore, requested to update the relevant details on the portal at the earliest.

Please contact Sh. Manoj Singh at support-eii@gov.in or call helpdesk at 011-29581342 (Monday to Friday) for any query/ clarification/ suggestion regarding EducationINdia portal.

A brief write-up is enclosed for ready reference.
