**Subject: National Cyber Security Awareness Month 2024**

आदरणीय महोदया/महोदय,

As you are aware, October is observed as National Cyber Security Awareness Month (NCSAM) across the country. This initiative aims to raise awareness about the importance of cyber security and promote best practices to ensure the safety of the public, private sector, and all citizens.

The theme for NCSAM 2024 is "Cyber Surakshit Bharat" (#SatarkNagrik), emphasizing that while cybersecurity requires a whole-of-nation approach, its success ultimately depends on individual vigilance.

In this regard, all Higher Education Institutions (HEIs) are requested to actively participate in this National Campaign by conducting awareness activities, workshops, seminars, and webinars (both online and offline) aimed at educating and empowering students, faculty, and staff on cyber hygiene.

HEIs are also encouraged to:

- Promote the "Cyber Surakshit Bharat" (#SatarkNagrik) campaign through their official websites, social media platforms, and internal communication channels.
- Collaborate with local authorities and cyber security professionals to facilitate discussions on cyber safety measures for wider dissemination.

We believe that through collective efforts, we can create a safe and secure digital ecosystem in India.

भवदीय,
