Note:-

1. There is no financial liability on the part of UGC
2. No query may please be made to UGC in this regard

TERTIARY EDUCATION COMMISSION

RESEARCH FELLOWSHIP SCHEME

Established in 1988 as a statutory body corporate under the Act of Parliament to look after tertiary education in Mauritius, TEC operates under the aegis of the Ministry of Tertiary Education, Science, Research and Technology and is, since 2005, the regulatory body for tertiary education in Mauritius. It also has the responsibility to allocate government funds, promote, plan, develop and coordinate tertiary education and training in the Tertiary Education Institutions in order to achieve an accountable and responsive system of high international quality.

The Commission is inviting applications from qualified overseas candidates wishing to conduct research in Mauritius under the **Tertiary Education Commission Research Fellowship Scheme**. Details for the above scheme are available on the TEC website, www.tec.mu

Mode of application: Applications should be submitted on prescribed form that can be downloaded from the TEC's website. Applicants should submit their application forms, detailed curriculum vitae, certified copies of certificates, letter(s) of acceptance from proposed host institution and their research proposals to the **Secretary and Head Administration Division**, Tertiary Education Commission, Réduit, Mauritius by **15th May 2013**.

N.B: The Commission reserves the right not to make any award as a result of this advertisement. Information about the Tertiary Education Commission is available on www.tec.mu

RESEARCH FELLOWSHIP SCHEME 2013

Applications are invited from qualified overseas candidates wishing to conduct research in Mauritius under the **Tertiary Education Commission Research Fellowship Scheme**.

Objective

The objective of the Research Fellowship Scheme is to allow researchers who, with a view to enhancing their own research, may wish to include a Mauritian element within his/her field of enquiry. It is designed to promote the research of the Research Fellow while contributing to the progress of research in Mauritius. It is understood that part of findings of the research with the Mauritian component will be made available to the host institution in Mauritius for academic purposes.

Fields of research

The fields of research are:

- a) Tertiary Education
- b) Biomedical and Pharmaceutical
- c) Energy efficiency and Renewable energy
- d) Information Communication Technology
- e) Social/Economic issues
- f) Any other area with the prior approval of the TEC

Eligibility criteria

- a) Open to academic staff/researchers from any country having diplomatic relations with Mauritius.
- b) Applicants should be actively engaged in research and show evidence of past publications in peer reviewed journals.
- c) Minimum academic qualifications:
 - i. A minimum standard of upper second class Honours Bachelor's degree
 - ii. Master's degree and a PhD
- d) Applicants must have successfully supervised PhD students or attained an advanced degree of proficiency in his field.
- e) Applicants must have 6-10 years of working experience.

Duration

The duration of the fellowship will be 3-6 months or one academic semester

Host institutions in Mauritius

- a) University of Mauritius (www.uom.ac.mu/)
- b) University of Technology, Mauritius (www.utm.ac.mu/)
- c) Private post-secondary education institutions in Mauritius (http://tec.intnet.mu/tesm_prvinst.php)

Financial support

The Fellowship will cover a subsistence allowance of up to Rs 47,000 (Mauritian Rupees), all inclusive to be paid to the Research Fellow and return air tickets in economy class from the place of work in the respective country to Mauritius and back by the shortest route and local transport.

Documents to be submitted by applicant

- a) Application form duly filled.
- b) A letter of acceptance from the host institution, stating that the institution accepts to provide office accommodation and research material during the period of the fellowship.
- c) The applicant should correspond with his/her proposed host institution for placement and produce a letter of acceptance from the proposed host institution. The applicant and the host researcher have to work a research plan.
- d) Copy of the educational qualifications.
- e) A detailed research proposal and the timescale to indicate the work to be undertaken in each month of the award must be submitted at the time of application.

Language of application

All documents must be in English.

Application forms can be obtained from the Tertiary Education Commission website www.tec.mu

Applicants should submit their application forms, detailed curriculum vitae, certified copies of certificates, letter(s) of acceptance from proposed host institution and their research proposals to the Tertiary Education Commission, Mauritius by the closing date, which is **15th May 2013**.
